I am a product designer with over 2 years of practical job experience. I understand basic front-end code that helps me communicate better with developers.

My core strength is in ux or user experience design.

I also do user interface or UI designs pretty well to.
Recently, I got certified in the udacity nanodegree for user experience design

Core Skills
User Research
Design System
User Interface Design (UI)
User Experience Design (UX)
Prototyping
Microinteraction

Work Experience

DPhi.tech | UI/UX Designer

Aug 2020 - Present | Remote, Belgium

Market Growth

- Reshaped DPhi's brand to bolster community growth through several designs

- End-to-end design process: from creating a vision for exploration, to creating concepts and building pixel-perfect solutions for test and implementation

- Worked closely with the UX lead to properly solve user needs before interpreting them in ui design

Helped Make DPhi Investment Ready

- Through ui design, helped launch the DPhi assessment platform which made us more confident to seek for investment

Malon Technologies | UI/UX Designer(freelance)

Jan 2021 - Mar 2021 | Hybrid, Lagos, Nigeria

Remodelled/Rebranded Malon

- As the sole designer, contributed to remodelling Malon from being a digital agency to a SAAS company through UI design.

- Led the design decisions on customer-centric products and solved ux edge cases with stakeholders

- Contributed to designing 2 mobile applications which were both customer centric.

Malon Technologies | UI/UX Designer(freelance)

Jan 2020 - May 2020 | Hybrid, Lagos, Nigeria

- same as above

Amplify.ng | Junior UI/UX Designer (intern)

Apr 2019 - Aug 2019 | onsite, Lagos, Nigeria

- Contributed to social media brands that projected Amplify as a design-centric digital agency.

Softcity Group | Junior UI/UX Designer

Nov 2018 - Mar 2018 | onsite, Lagos, Nigeria

Contributed to modifying the designs that existed prior to when I joined

- I wore many hats for Softcity, firstly, I contributed to reducing the time from development to delivery by creating wireframes, sketches and low and high fidelity designs. Secondly, I contributed to increasing better hiring during my freetimes by assisting in HR duties and also interfaced with customers on the phone.

Microsoft4Afrika | Big Data Enginer(Graduate Trainee)

Feb 2018 - Aug 2018 | onsite, Lagos, Nigeria

- Contributed to cleaning and visualizing data as dashboards and reports using power-bi, R and Azure

Education

University of Uyo | 4.0 of 5.0 | Second Class Upper

Apr 2012 - Apr 2017 | B.Eng In Computer Engineering

- Graduated as part of the best in my department

- Led my department as the president

Non-Product Design Highlights

Hackathon Winner | Neri Hackathon for Change Initiative

Jul 2019 | First Place

- Competed in a 3-day hackathon sprint on how to better impact people vulnerable to terrorism and came up with a solution that helped my team win the grand price

Certifications

Udacity Nanodegree In User Experience Design

Jul 2021 - Oct 2021 | Awarded by Udacity

MCP in Big Data Engr.

July 2018 | Awarded by Microsoft
